Hi, I am Jeremy Johnson, graphic design senior at the University of South Alabama. I am driven by creating unique and interesting designs that creatively draw the desired audience. Throughout this past year I have designed a lot of fun pieces. My current goal is to get my feet wet by gaining more experience in the work field of design.

SUMMARY

GRAPHIC DESIGN • 2020-2024 • UNIVERSITY OF SOUTH ALABAMA

Four years of experience with Adobe Photoshop, InDesign, and Illustrator. Capable of drawing realistically or unrealistically. Can artistically conceptualize designs or visuals. Attention to detail. Can give and take criticism. I am currently researching other styles and methods of communication to evaluate how each form pertains to the viewer's understanding of the presentation. I am using this means to lead back into the "why" of graphic design. My interests include branding and marketing. My interests in interior design further developed my senses of layout and composition leading me to create interesting visuals.
